FOOD AND AGRICULTURE DEPARTMENT.

G.O.Ms.No. 1973 Dated 6--10--5_

Read the following:-

From the Director of Agriculture S.S.E. 2.919/51 dated 24.7.51.

******

ORDER:

In his letter read above, the Director of Agriculture has stated that of late he has been receiving applications from private candidates requesting permission to undergo training in the Tractor Workshops at Coimbatore and Bapatla to equip themselves further in the handling and maintenance of tractors, etc. He has also stated that students who have completed their theoretical course in Mechanical Engineering in institutions like the Government Polytechnic apply for practical training to enable them to complete their course and to get their diploma and ultimately to enter Agricultural Engineering branches of Govt. Departments. There are still others who wish to get

themselves trained so as to be able to manage their own Agricultural machinery and attend to their repairs and running. He has further mentioned that the training of such private candidates in the operation and maintenance of tractors and oil engines will greatly benefit the ryots and that they need not look to outside mechanics to get even the minor repairs done. The Director of Agriculture has therefore, proposed to offer them necessary training both in the Tractor Workshop at Bapatla and the Research Engineer's Workshop, Coimbatore, depending on the districts to which the candidates belong. The period of training will be one year from the date of candidate's joining. It is also proposed to levy a fee of Rs.150/- per annum for each candidate and prescribe a caution fee of Rs.50/- for each candidate will be adjusted finally towards any breakages of tools etc and the amount at credit will be refunded to the trainee at the end of the course. In the circumstances stated above His Excellency the Governor of Madras accepts the proposals of the Director of Agriculture. The no. of private candidates will be restricted to ten per year at each of the Tractor Workshops.

2. The receipts should be credited to the relevant sub head under "XXIX Agri".
